TUESDAY, AUGUST 1. 1738.

№. 968.

Madrid, July 4. O. S.

THE King has declared, that in purſuance of the laſt Anſwer ſent on his Part to the Court of England, he perſiſted in his Reſolution to ſuppreſs the Frauds which the Engliſh, or any other Nation whatſoever, have found Means to introduce into the Trade of the Indies. And his Majeſty requires alſo, that the Orders which his Guarda Coſta's ſhall receive for the future in that Head be punctually executed. They write from Majorca, that the Squadron under Admiral Haddock, was at Anchor before the Iſland of Minorca.

Conſtantinople, July 17. We are aſſured by private Letters from Vienna, that the Grand Vizier is advanced with 70,000 Men, to lay freſh Siege to Orſova. 'Tis reported alſo, that the Imperial Army is return'd to Carenſebes; both which Particulars require a Confirmation.

Frankfort, July 20. According to Letters of the 12th from Vienna, the Imperial Army was obliged to return to Meadia, becauſe the Turks were come out again in great Numbers towards Orſova, and had put to Flight two Regiments of Huſſars that were ſent to get Intelligence of them. The Great Duke of Tuſcany has had a ſlight Touch of a Fever, but 'twas hop'd his Illneſs would not be ſo great as to oblige him to go to Buda for his Health, as it was deſign'd he intended. Count Seckendorff was ſent away on the 12th to the Caſtle of Gratz in Styria, which is about 60 Miles from Vienna to the South Eaſt. He had 40 Horſe to guard him without the Gates, where he took Poſt-Chaiſe, attended by the General de Wurmbrand, who has Orders to ſee him to the Caſtle. The Counteſs of Seckendorff has obtained Leave to follow her Husband with ſome of their Domeſticks.

COUNTRY NEWS.

Norwich, July 29. Laſt Tueſday the Right Honourable Lord Viſcount Townſhend, gave two Bucks to the Hon. Artillery Company for their Annual Feaſt. There were preſent a great many Gentlemen, &c. and were well pleaſed with their Entertainment. After Dinner the following Healths went round with Huzza's, viz. The King, Prince and Princeſs of Wales, the Duke and Royal Family, Lord Townſhend Lord Lieutenant, Sir Robert Walpole, our worthy Repreſentatives, the immortal Memory of King William, the Right Worſhipful Mr. Mayor, Proſperity to the City of Norwich and the Trade thereof; and between 7 and 8 the Company broke up, with their intire Satisfaction.

We hear the Rev. Mr. Huggins's Houſe at Runton was burnt down laſt Week; the Fire was occaſioned by the Careleſſneſs of a Servant.

At our Aſſizes which begin next Monday, 6 Priſoners in the Caſtle, and 6 in the City Gaol, will be try'd,

Briſtol, July 29. The Maſter of a Veſſel arrived at Exeter from Gibraltar reports, that a large Body of Guards was before that Place, and had fired on the Fortifications, which was anſwer'd by the Engliſh Troops in Gariſon.

A few Days ago died Mr. John Baskerville, a Virginia Merchant, and an eminent Attorney, at his Houſe in Colman Green; a Gentleman of ſtrict Probity in his Profeſſion, a real Friend, and of the moſt calm Deportment; which has made his Loſs greatly regretted by all who had the Happineſs of his Acquaintance.

On Saturday laſt died Mr. William Biſhop, one of the Maſters of the Hotwell, ever ſince it has become in much Eſteem.

Laſt Tueſday Mr. George Marſhal, an Officer of the Cuſtoms at Plymouth (who lately proſecuted a Rich Jew, and ſeized a great Quantity of adulterated Goods, now in his Cuſtody at London) paid a Viſit among the Snuff-Venders in our Fair, and with the Aſſiſtance of Mr. William Allport, one of the Tide-Surveyors, did ſeize in the Pithay, from John Williams, 13 Bladders of adulterated Tobacco Snuff, weighing 3 qrs. of C. and 12 lb. and at the Lodging of one David Jeſſuran, a Jew, at the Sign of the Chatham Man of War, in Merchant-ſtreet, four Casks, one Earthen Pot, one Sieve, one Mill, 129 lb. Weight of Tobacco Duſt, Sand, Fuſtick, and Yellow Oaker, a Compound to be manufactur'd into Snuff, with all the Utenſils for making the ſame. The Jew is gone off; and ſeveral other illicit Traders in this Commodity, have thought fit to diſappear for fear of a Proſecution: the Penalty for ever Pound of Snuff ſo adulterated, being 3 l. as ſpecify'd in the Statute. 'Tis to be hop'd this will open the Eyes of our Retailers in this Commodity, as well as the Takers of it, and make them cautious how they either buy or take ſuch adulterated Mixtures for real Tobacco; and for the peculiar Service the above Gentlemen have done in this Affair, to this City, the Right Worſhipful the Mayor, has returned him his kind Thanks.

Laſt Sunday Morning died the noted Dickey Baggs, juſt as he had finiſhed a Range of Buildings in Temple-ſtreet.

The Sharpers have been pretty well nick'd this Fair; for out of one Gang, no leſs than the following five Perſons have been detected, and Yeſterday committed to Newgate, viz

Mary Shurley, for ſtealing a Diamond Ring, and hiding it under her Glove, from a Silverſmith in Corn-ſtreet, Value 3 l. 10 s. laſt Wedneſday.

Matthew Friend, for picking a Man's Pocket of a Silver Watch, in the Horſe Fair: The Rogue was ſo quick, that tho' the Man catch'd him inſtantly in the Fact, he convey'd the Watch to a Brother Rogue his Companion, who ran clear off with it. As the Owner of the Watch lives a conſiderable Diſtance off, at Truro in Cornwall, our Right Worſhipful the Mayor, has promiſed to defray all the Charges he ſhall be at in the Proſecution.

At the ſame time came on the Trial of Mr. Bell and his Wife, the late Maſter and Miſtreſs of our Workhouſe; but, after many learned Arguments of Council on both Sides, concerning the Legality of the Jury, it was adjudged by my Lord, that the Jury was illegal; upon which the Trial was put off, and they continued on their Recognizances till the next Aſſizes.

The Rev. Mr. Iſaac Terry, M. A. preached the Aſſize Sermon at our Cathedral Church, from *Exod.* xviii. 21.

Letters from Cadiz say, that all things are in Combustion again in the Kingdom of Morocco; that Muley Mustardi, one of the Sons of the late King Ismael, had just enter'd the Lists, in order to dispute the Crown with his Brothers Muley Abdallah and Muley Benlariba; and that the new King was supported by the Bashaw of Tetuan, as well as by most of the Troops and the chief Men in the Country.

They write from Petersburg, that the Czarina has preferr'd the Scots Earl of Douglas, a Lieutenant General, and Knight of St. Alexander, to be Governor General of the Province of Esthonia, and General in Chief of the Troops there.

The Count de Sintzendorf, Son to the Emperor's Great Chancellor, was set out for Turin in Quality of Envoy Extraordinary from his Imperial Majesty, to give the finishing Stroke to the Accommodation of the Differences between the Emperor and the King of Sardinia, is flatly contradicted by Advices of the 5th ult. O. S. from Milan; by which it seems, that the Misunderstanding between the Courts of Vienna and Turin, augments instead of diminishing; for the Count de Traun, the Governor General, has, 'tis said, again received Orders to revoke all the Acts passed in that State during the King of Sardinia's Government of it in the last War: And, on the other Hand, his Sardinian Majesty has prohibited the Passage of the Vessels laden with Timber, which us'ed to go from Milan to Turin through the Navarese; by which Means the Price of it is considerably risen.

They write from Durham, that his Excellency General Wade, arrived at the Bishop's House in his Way to Scotland in perfect Health, and that he has enjoy'd the same ever since he set out from London, notwithstanding Reports to the contrary.

Last Friday se'nnight the Duke of Argyle returned to Edinburgh from his Seat at Inverary: As did also the Earl of Aberdeen from his Seat in the North.

The next Day died there Mr. William Boutcher, a Nurseryman and Seedsman on Abbey Hill, eminent for his Knowledge in the most curious Parts of Gardening and Improving Land. His fine Gardens devolve on his only Son of the same Name, who has already given good Proof of the same Skill, having been educated under the best Masters in Great Britain.

'Tis said a Widow Lady of some Note, died of a violent Sea Sickness in a Boat in the North of Scotland near Fraserburgh.

The Right Hon. David Lord Halkerton, is arrived at Edinburgh from the Bath.

Last Saturday se'nnight died in the 66th Year of his Age Mr. John Bagnold, one of the Aldermen of Derby, and one of the Grooms of his Majesty's Wood-Yard.

On Tuesday Night last ended the Assizes at Derby, before the Lord Chief Baron Comyns and Mr. Baron Parker, when one Man received Sentence of Death, viz. John Hickinbottam (who was removed from Chester Gaol) for forging a Note of 8s. 2d. but he is since reprieved. William Hetherley and his Son were tried for divers Felonies, and being found Guilty, the former was ordered to be transported, and the latter burnt in the Hand. Robert Middleton (removed from Ailesbury) was committed for breaking open the House of Edmud Outram of Alfreton, and stealing from thence 14l. in Money, &c. and also a black Gelding out of his Stable; but was only tried for the latter Crime, and it being sworn that he had sometimes lent him the said Horse, he was acquitted. Francis Attenborough was try'd for House-breaking, and ordered to be transported.

Last Saturday Se'nnight the Assizes ended at Nottingham, before the Lord Chief Baron Comyns and Mr. Baron Parker. At the Town Hall, Charles Strange was ordered for Transportation for robbing his Master Mr. John Huthwaite, Grocer. At the County Hall two Malefactors received Sentence of Death, viz. Henry Parnall for the Murder of his Wife, and Thomas Sales for stealing a Mare; the former is ordered for Execution, and the other reprieved for Transportation. Henry Shafton and Matthew Elston for Felony, are also ordered to be transported.

Thursday last died the Rev. Dr. Thomas, Grandson to the late Bishop of Worcester, and Rector of St. Nicholas in that City, as well as some Spiritual Livings in that Country; which however were but a Trifle to the Estates and great Sums of Money that fell to him of late Years by the Death of Relations.

To-morrow his Majesty, the Duke, and the Princesses Amelia and Caroline, will take the Diversion of hunting a Stag in Windsor Forest.

Yesterday was the Birth-day of her Royal Highness the Princess Augusta, who then entered into the second Year of her Age.

On Saturday Night last about 11 o'Clock, as a Soldier on the King's Guard, who was placed as Centinel at Kensington Gore, was leaning on his Piece with his Hand on the Muzzle, the Piece went off, the Trigger being touch'd, as is supposed, by his Foot, and the Ball with which it was loaded, went thro' his Hand and shatter'd it all to Pieces: He is now under the Surgeons Hands, who have taken out several small Splinters of Bones. It alarmed the Guard, who immediately came to enquire into the Matter.
